Madrid, May 2018. 43 Gira en Kasas, with its first time in Spain is reinventing the traditional concert model. A tour which gets out of concert halls and into the place for creation par excellence: *kasas* (homes). A creative concept which inspires us all to get the best out of the musicians and the audience because any intimate space can become a source of inspiration for us to enjoy their songs. A new unique and unforgettable experience to enjoy from June to September all over Spain.

Concerts by specific artists which tell us about **Actitud 43** (43 Attitude). The magic of **Anni B Sweet**, the natural character of **Carmen Boza**, the spirituality of **Club del Río**, the style of **Depedro**, the art of **El Kanka**, the attitude of **Kill Aniston**, the positivity of **Mr Kilombo** or the spell of **Zenet**, among others will all headline the **43 Gira en Kasas** tour. They are the voices of this original tour: unique, creative, inspiring and faithful to their style. Capable of passing on their enthusiasm to make things happen and seeing music as a clear reflection of their way of feeling and living. Only they can caress us with their voice, shake us up with their songs and excite us with every chord. A concept which reiterates this unique way of making music, of living, showing **Actitud 43**. A lifestyle which encourages us to get the best out of ourselves.

From June onwards, a number of exclusive people will get the chance to experience this special encounter with their favourite artists in *kasas* (houses) all over Spain; the perfect place to tell stories involving admiration, inspiration, ultimately **Actitud 43**.

A unique format where you can get carried away by the live music, enjoy yourself like never before and feel in harmony with all around you. This is the summer proposed by **Licor 43**. A set of experiences which will form part of who you are, making every concert an unforgettable event. Chords accompanied with refreshing

surprising **Ginger 43**. A different proposal which brings together the best ingredients and all the taste of the latest drink.
