ACTIVE COMMITMENT TO THE HABITAT

We look to the future with a sense of responsibility

We take an active role in addressing the climate emergency to conserve resources for generations to come.

CLIMATE CHANGE

The Group has met its target of reducing emissions intensity (Scope 1 and 2) per litre bottled by 15% (2020 baseline).

BIODIVERSITY

Elimination of synthetic herbicides and fungicides; natural treatments using chamomile, horsetail and propolis. Installation of beehives with local beekeepers.

ECO-DESIGN

Reduction in the weight of the Ramón Bilbao 75 cl Bordeaux-style bottle: 9.5 t of plastic saved. Use of sustainable materials.

LOCAL SOURCING

Procurement of 8,000 t of locally sourced vegetables from the regions where our plants are located.

ZERO DISCHARGE

The Cartagena, Haro and Rueda plants have achieved "zero discharge into public watercourses", treating all their wastewater and safely returning it to the environment.
